

# Mezebu

CKay

(Oh baby)

I think I drank too much  
I'm texting my ex 'cause I drank too much  
Yeah  
My head no correct 'cause I drank too much  
I'm doing crazy things 'cause I drank too much  
Expressing my feelings and shit  
Expressing my feelings and shit

I don mezebu, I don mezebu, I don mezebu, I don mezebu  
I don mezebu, I don mezebu, I don mezebu

Long time wey me don dey find ya  
You know sey your body na fire  
And you make me loco  
And you make me loco  
Your voice be, be like melodies  
I dey feel you, see you  
For your body and my soul  
You intoxicate me  
And you know, you know, you know

I am high  
Wasted  
Faded  
Lost and gone I am gone  
Mo ti mezebu

I don mezebu, I don mezebu, I don mezebu, I don mezebu  
I don mezebu, I don mezebu, I don mezebu

I don mezebu, I used to call you my boo  
Don't know how I'm gonna live without you  
You say it's better this way, oh  
How did I become your enemy?  
Baby, I just need some clarity  
And you just taking all my energy, my energy  
I'm so in my feelings, I feel so lonely  
I wish that you were here with me  
Since you're not here, I'm drinking my pain away

I don mezebu, I don mezebu, I don mezebu, I don mezebu  
I don mezebu, I don mezebu, I don mezebu

You threw my love all away  
I still remember like it was yesterday  
You do me wrong, baby  
You do me dirty, ah, do my dirty, oh  
I just dey remember many things  
As I'm sipping this Hennessy  
It's all coming back to me, uhn  
You turned a nigga to the streets  
You created a beast  
You created a beast, ohh
