

# Days of Self Destruction

CKY

Hellbound  
As you descend from way above  
To much below  
There's nothing left to believe  
Spaced out  
Pure confusion takes control inside your head  
Is it you or disease?

Welcome to the days of self destruction  
Can you fight the evil deep within your soul?  
Welcome to the days of self destruction  
And I'll be damned if there ain't demons in control

Anger  
There left to burn a lonely hole  
Question your goals  
You haven't earned any answers  
Patience  
Your swollen greed surpassed your needs  
Enough's enough  
And you will rot from the inside

Welcome to the days  
Welcome to the days  
Welcome to the days  
Welcome to the days

Welcome to the days of self destruction  
Can you fight the evil deep within your soul?  
Welcome to the days of self destruction  
And I'll be damned if there ain't demons in control

Hatred  
Isn't easy to let go  
You're even mad in your dreams  
Wasted  
Every moment you complain  
You are not gonna win

Welcome to the days  
Welcome to the days  
Welcome to the days  
Welcome to the days

Welcome to the days of self destruction  
Can you fight the evil deep within your soul?  
Welcome to the days of self destruction  
And I'll be damned if there ain't demons in control
