

Dropped

CKY

Lock me up inside my room
Keep where I won't get loose
Keep a monster in my bed
Don't forget me, I'm not dead

You forget my memory lives way beyond these walls!
You forget my indecision's taking on control

Once in a far land I grabbed you
Woke me up to my origin

Dropped

People have to understand my innocence has gone!

I might go beyond my edge
Make an effort to
Living on my own, plagued by images!

Once in a far land I grabbed you
Woke me up to my origin
