

Lost In Departures

CKY

I've wandered from the spirit's end
Into lives of others
Somehow I begin again
And turn another
For years I've watched you go
But not more than others
Perhaps a time or place we've known
Lost in departures

You are the way you are
You are the way you are

I stand at window's edge
Watching darker landscapes
Even the closest thing
Eclipsed by the mundane

A whisper through the darkest wall
Leads me to another
Transformation, lost in time
Lost in departures

Sometimes we will not return
To a second chance
What was lost will burn
Oh, time will unlock the gate
For a last goodnight
Or a twist of fate

Silent cliff, the jagged edge
So it lies between them
Transformation, lost this time
Lost in departures

A whisper through the darkest wall
Leads me to another
Transformation, lost in time
Lost in departures

Silent cliff, the jagged edge
Somewhere lies between us
Transformation, lost this time
Lost in departures

A whisper through the darkest wall
Leads me to another
A transformation, lost in time
Lost in departures
