I just keep walking all throughout today

Why I have a feeling I'm on the same place all day?

Now who said about what, anyone else?

Just worrying about useless things

Deep nights in a very tiring days

A morning that rises brightly, welcome me again

Good news and I hope you find yourself

Hope, I'm rising, hope, I'm shining

For some reason all day

I ask it again always

For some reason all day

I ask it again always

Don't worry it can go

Always do what you feel

Regrets comes with rewarding without doing it

Like me, I always do what I feel

Don't worry it can go

Always do what you feel

Regrets comes with rewarding without doing it

Like me, I always do what I feel

And it's okay, let's brush it all off

Cause I'm always because it's me

And it's okay, let's brush it all off

Cause I'm always because it's me

Do it like wearing a comfortable shoes

A ray of light in a dark world of my deep dream

Even if everyone tries to follow along like everyone else

I don't change easily, I try to be who I am

I don't care what they say, so irrelevant

What's important is a dream, hope, plus youthful ambition

Answer them all to get rid of pretty interview, win or lose

Lift up your head and get up again, no matter what you lose

For some reason all day

I ask it again always

For some reason all day

I ask it again always

Don't worry it can go

Always do what you feel

Regrets comes with rewarding without doing it

Like me, I always do what I feel

Don't worry it can go

Always do what you feel
Regrets comes with rewarding without doing it
Like me, I always do what I feel

Just believe in myself as it flows
Head up to the sky
