

Love In The Light

Clairity

Choking back the words
Things I wanna say
But I don't know how
And I'm too numb to move
It hit me well it hurts
But you can't bring me down

'Cause I'm a human with a heartbeat
Hear it pound loudly
Calling out to you to let you know
It's time to love in the light
To cast all our fears aside
I'm sick of trying to hide
They can't take our pride
They can't take my fire
Gotta learn to love in the light
I-i-i, li-i-i, li-i-i
Gotta learn to love in the light

Weaponized my heart
Aiming at the ones
Who tell me I'm alone
But I do not believe
That I'm here on my own
So I'm reaching in the dark

'Cause I'm a human with a heartbeat
Hear it pound loudly
Calling out to you to let you know
It's time to love in the light
To cast all our fears aside
I'm sick of trying to hide
They can't take our pride
They can't take my fire
Gotta learn to love in the light
I-i-i, li-i-i, li-i-i
Gotta learn to love in the light
I-i-i, li-i-i, li-i-i
Gotta learn to love in the light

Wanna see you break through the shadows
Dancing in the sun
You can't live your life in the shadows, shadows
Wanna see you break through the shadows
To show that we are strong
To show how far we've come

It's time to love in the light
To cast all our fears aside
I'm sick of trying to hide
They can't take our pride
They can't take my fire
Gotta learn to love in the light
I-i-i, li-i-i, li-i-i
Gotta learn to love in the light
I-i-i, li-i-i, li-i-i
Gotta learn to love in the light
