

## For Now

Clairo

Pull the rug from underneath me now  
Caught up in the landslide  
Blindside on the ground  
Would it make a difference if I'd looked at all?  
Loving you is simple, sweet  
And I'm bound to fall

'Cause I'm loving you for now  
Loving you for now  
I'm loving you for now  
Until it all breaks down

Pull the cloth from over my eyes tonight  
Let me see what I fear  
What's it symbolize?  
Would it make a difference if I learned at all?  
Loving you is freeing me  
Oil in your palm

'Cause I'm loving you for now  
I'm loving you for now  
'Cause I'm loving you for now  
Until it all breaks down
