

## Blind Hearts

Clan of Xymox

How long will it take  
Before you see  
There is no room for you  
Inside of me  
Deep in our hearts  
We are alone  
Deep in out blind hearts  
Skin and bone  
In many ways  
You've lost your dignity  
Hey girl, give up  
Your hopeless ecstasy  
Deep in our hearts  
We are alone  
Deep in out blind hearts  
Skin and bone  
Kiss high heaven  
Kiss one other  
Kiss the earth  
And kiss the sea  
Everything instead of me  
Everything instead of me  
Kiss your precious destiny  
Deep in our hearts  
We are alone  
Deep in out blind hearts  
Skin and bone  
Deep in out hearts  
We only know  
Deep in our blind hearts  
Skin and bone  
Bone of contention  
We only know  
Bone of convention  
We only know
