

Leave Me Be

Clan of Xymox

The world's a stage
We've got a role to play
Like the neurons in our brain

A change of pace
A change of style
Time will tell if we are a waste of space
Or achieved anything anything anything

No, I don't need any proof
No one holds the truth
I don't need anything
I don't need anything
Anything, anything

The moment has come
It's not too late
To change your foolish life
To get off the stage

We waste our lives
We're out of sync
We shout and scream, wail and moan
And in the end we'll die

I see them come and go
I've seen it long ago
I see them come and go and fro
I see them come and go

Come and go
To and fro

All these demands
My lack of sleep
Sucks the marrow out of me
I don't need anything
Just leave me be
I don't need anything
I don't need anything
