

## Anam

Clannad

when will I see  
an end to destruction and woe  
and how will I see  
no division, in my life

there comes a time to make amends  
never too late to try again  
to save our soul

when will I see an end  
to the famine and war  
and when will I say  
there's no solution no more

there comes a time to make amends  
never too late to try again  
to save our soul

all that I see  
is soul destroying, greed  
when will I say  
there's no solution to meet

there comes a time to make amends  
never too late to try again  
to save our soul
