

# Black Magic Woman

Eric Clapton

This one's for Peter

I got a black magic woman  
Got a black magic woman  
Got a black magic woman  
Got me so blind I can't see  
That she's a black magic woman  
Tryna make a devil outta me

Don't turn your back on me, baby  
Don't turn your back on me, baby  
Don't turn your back on me, baby  
Fooling round with your tricks  
'Cause you're a black magic woman  
Might wake up my magic sticks

You put a spell on me, baby  
You put a spell on me, baby  
You put a spell on me, baby  
Got me so blind I can't see  
That you're a black magic woman  
Tryna make a devil outta me
