

# Misfortune

Eric Clapton

Good morning, misfortune  
What you got for me today?  
Good morning, misfortune  
What you got for me today?

Nothing but trouble  
Ever seems to pass this way

Good morning, misfortune  
What you doing to my head?  
Good morning, misfortune  
What you doing to my head?

Making me remember  
All those things I shouldn't have said

Good morning, misfortune  
What you doing with my heart?  
Good morning, misfortune  
What you doing to my heart?

Taking all my lovin'  
Tearing me apart
