## **Sleeping In The Ground**

## **Eric Clapton**

I would rather see you Sleeping in the ground, I would rather see you Sleeping in the ground Than to stay around here If you're gonna put me down.

Well, I give you all my money,
Everything I own.
Well, I give you all my money,
Everything I own.
Well, some day I'm gonna get lucky,
And down the road you know I'm goin'.

Well, I would rather see you Sleeping in the ground, Well, I would rather see you Sleeping in the ground Than to stay around here If you're gonna put me down.

You know I give you all my money,
Yeah little girl, everything I own.
Well, I give you all my money,
Everything I own.
Well, today I'm gonna get lucky,
And down the road you know I'm goin'.
