

Alone

Claptone

I don't wanna be alone tonight
And I'm waiting for your call
But you don't wanna use the phone tonight
But I need you afterall
To pick me up off the floor tonight
I've never been so low
I'm too close to the shore tonight
And I need you to let me know

What you doing to me, baby?
It's not a game of chess
It's not a modern romance
What you doing to me, baby?
It's not a game of chess
It's not a modern romance
What you doing to me, baby?
It's not a game of chess
It's not a modern romance
What you doing to me, baby?
It's not a game of chess

I don't wanna be alone tonight
And I'm waiting for your call
But you don't wanna use the phone tonight
But I need you afterall
To pick me up off the floor tonight
I've never been so low
I'm too close to the shore tonight
And I need you to let me know

What you doing to me, baby?
It's not a game of chess
It's not a modern romance
What you doing to me, baby?
It's not a game of chess
It's not a modern romance
What you doing to me, baby?
It's not a game of chess
It's not a modern romance
What you doing to me, baby?
It's not a game of chess

I can feel you watching me get up, oh
I can feel you watching me get up, oh
I can feel you watching me get up, oh
(It's not a game of chess)
I can feel you watching me get up, oh
(It's not a game of chess)
I can feel you watching me get up, oh

What you doing to me, baby?
It's not a game of chess
It's not a modern romance
What you doing to me, baby?
It's not a game of chess
It's not a modern romance
What you doing to me, baby?

It's not a game of chess
It's not a modern romance
What you doing to me, baby?
It's not a game of chess
It's not a modern romance

I can feel you watching me get up, oh
I can feel you watching me get up, oh
I can feel you watching me get up, oh
I can feel you watching me get up, oh
