Claptone

You wanna know how much it cost, yeah
You want this thing so bad
It's like a sound standing up your head
It won't go until you got it
Maybe tomorrow you'll have it in your hands
Will make you happy for a while
Until another love comes, strikes your brain
Is it what life is all about?

You want it
You want it
You want it
You want it
You want it
You want it
You want everything
You want it
You want it
You want it
You want it
You want it
You want it
You want everything
...

You wanna know how much it cost, yeah
You wanna know how much it cost
You wanna know
You wanna know
You wanna know
You wanna
You wanna know
You wanna know
You want everything

You wanna know how much it cost yeah
You want this thing so bad (oh yeah)
It's like a sound standing up your head
