

# Fade Away

Claptone

Where are all the dreams  
When you'd run away with me  
I wanna go back in time  
To see what they mean  
I remember waking up  
I remember you next to me  
I wanna go back in time  
To relive a dream

What was the day  
That everything changed for me  
I'm just another slave  
Inside the machine  
I remember every wish  
My whole life ahead of me  
I wanna go back in time  
Just to relive a dream

Fade away  
Fade into another day  
Fade, fade away  
Fade into a better dream for me

Fade away  
Fade into another day  
Fade, fade away  
Fade into a better dream for me

Ha haa hahahaa  
Ha haa hahaaa  
A better dream for me  
Ha haa hahahaa  
Ha haa hahaaa  
A better dream for me

What was the song  
You used to sing to me  
I wanna go back in time  
To relive a dream  
I remember waking up  
I remember you next to me  
I wanna go back in time  
To relive a dream

What was the day  
That everything changed for me  
I'm just another slave  
Inside the machine  
I remember every wish  
My whole life ahead of me  
I wanna go back in time  
Just to relive a dream

Fade away  
Fade into another day  
Fade, fade away  
Fade into a better dream for me

Ha haa hahahaa  
Ha haa hahaaa  
A better dream for me  
Ha haa hahahaa  
Fade away  
Ha haa hahaaa  
Fade into a better dream for me
