Claptone

My heartbeat  
My heartbeat  
Should have known better, better

You hang around  
Only call me when you feel down  
And it's not for me  
All I seem to do is disagree  
You hang around  
Only call me when you feel down  
And you disagree  
All I know is you're enough for me

My heartbeat  
Should have known better  
So I wrote it in a love...  
My heartbeat  
Should have known better, better  
So I wrote it in a love...  
My heartbeat  
Should have known better  
So I wrote it in a love...  
My heartbeat  
Should have known better, better  
So I wrote it in a love...

So S.O.S. it's time you give me your best guess  
S.O.S. can't believe you left me in this mess  
S.O.S. it's time you give me your best guess  
S.O.S. can't believe you left me in this mess

My heartbeat  
Should have known better  
So I wrote it in a love letter  
My heartbeat  
Should have known better  
So I wrote it in a love letter  
Should have known better

My heartbeat  
Should have known better  
So I wrote it in a love...  
My heartbeat  
Should have known better, better  
So I wrote it in a love (S.O.S.)  
My heartbeat  
Should have known better (S.O.S.)  
So I wrote it in a love... (S.O.S.)  
My heartbeat  
Should have known better, better (S.O.S.)  
So I wrote it in a love... (S.O.S.)  
My heartbeat  
(S.O.S., S.O.S.)  
My heartbeat  
Should have know better (S.O.S.)  
In a love letter  
My Heartbeat

So I wrote it  
My heartbeat  
So I wrote it
