

La Esperanza

Claptone

I'm hoping for something
It's something I've always prayed for
I love it and chasing
I need to feel this temptation
Feel this temptation, feel this temptation
Feel this temptation, feel this temptation

I've been hoping for this magic feeling
To confirm, I know
I've been hoping for a reason
To release me from your hold

La esperanza, la esperanza
El amor de mi vida
La esperanza, esperanza
I know I only have one life
But if I get it I would die
I can't shake it

Esperanza, esperanza
El amor de mi vida
La esperanza, esperanza

I've been hoping for this magic feeling
To confirm, I know
I've been hoping for a reason
To release me from your hold

La esperanza, la esperanza
El amor de mi vida
La esperanza, esperanza
I know I only have one life
But if I get it I would die
I can't shake it

Esperanza, esperanza
El amor de mi vida
La esperanza, esperanza
