

# Right Into You

Claptone

You  
Right into you  
Right into you  
Right into you  
Right into you  
Right into you  
Right into you  
Right into  
Right into

I know I don't wanna waste any more time  
I'm not bitter I'm not blind  
I just don't see my name in lights  
I always had a taste for the highway lines  
25 yet to arrive  
I feel your fingers up my spine

Tell me it all feels right  
And I'll jump right into you  
Tell me it all feels right  
And I'll jump right into you  
Tell me it all feels right  
And I'll jump right into you  
Tell me it all feels right  
And I'll jump right into you

Right into you  
Right into you  
Right into you  
Right into you  
Right into

I wanna take a chance and roll the dice  
Be the match you'd wanna strike  
Even if I burn out bright  
I look for my reflection in your eyes  
To feel noticed and desired  
To learn to give myself a try

Tell me it all feels right  
And I'll jump right into you  
Tell me it all feels right  
And I'll jump right into you  
Tell me it all feels right  
And I'll jump right into you  
Tell me it all feels right  
And I'll jump right into you

Right into you  
Right into you  
Right into  
And I'll jump right into you

Right into you  
Right into you  
Right into  
And I'll jump right into you

Tell me it all feels right  
And I'll jump right into you  
Tell me it all feels right  
And I'll jump right into you

Right into you  
Right into you  
Right into you  
Right into you
