

## Stronger

Claptone

I know your love is just around the bend  
You stand so close, you save me  
Two hearts beat tight  
Where people see nothing, oh, I just felt something  
It saves me  
I see white lights reflecting in the night  
My soul feels numb but lately  
When I hear your voice  
People say it's nothing but all I hear is something  
It saves me

Oh, why do we keep fighting our love, our love?  
Oh, 'cause when we are together we're stronger, stronger

I know your love is just around the bend  
You stand so close, you save me  
Two hearts beat tight  
Where people see nothing, oh, I just felt something  
It saves me  
Oh, why do we keep fighting our love, our love?  
Oh, 'cause when we are together we're stronger, stronger  
Oh, why do we keep fighting our love, our love?  
Oh, 'cause when we are together we're stronger, stronger

I've been so caught in the middle  
I feel like I'm blinded, I'm wasting my time  
Down on my luck, I've been walking so much  
Will you help me? Just show me a sign  
I just want to know  
Oh, why do we keep fighting our love, our love?  
Oh, 'cause when we are together we're stronger, stronger

Oh, why do we keep fighting our love, our love?  
Oh, 'cause when we are together we're stronger, stronger  
Oh, our love, our love?  
Oh, stronger, stronger
