

The Music Got Me

Claptone

You don't know just what it
Does to me,
But it keeps lifting
Me higher into
Ecstasy
Gotta keep moving to the rythm
To the rythm of the beat

There's a power in the music
And it's lifting me
Wanna go higher in the magic
Of the music in me
There's a power in the music
And it's lifting me
Wanna go higher

You don't know just what it
Does to me,
But it keeps lifting
Me higher into
Ecstasy
Gotta keep moving to the rythm
To the rythm of the beat
There's a power in the music

And it's lifting me
Wanna go higher in the magic
Of the music in me
There's a power in the music
And it's lifting me
Wanna go higher
You don't know just what it

Does to me,
But it keeps lifting
Me higher into
Ecstasy
Gotta keep moving to the rythm
To the rythm of the beat
There's a power in the music
And it's lifting me
Wanna go higher in the magic
Of the music in me
There's a power in the music
And it's lifting me

Wanna go higher
You don't know just what it
Does to me,
But it keeps lifting
Me higher into
Ecstasy
Gotta keep moving to the rythm
To the rythm of the beat

There's a power in the music
And it's lifting me

Wanna go higher in the magic
Of the music in me
There's a power in the music
And it's lifting me
Wanna go higher
