

Wake Up

Claptone

I don't know where I'm gonna wake up
I wonder if I'm gonna wake up
With you
I don't know where I'm gonna wake up
Don't cry
I wonder if I'm gonna wake up
Sometimes we're just meant to be
Meant to be alone

What's another night
What's another day
What's a normal life
If you're far away
Far away from me

Take it to the line
Take it all the way
What's a normal life
If you're far away
Far away from me

Try to face it
Try to tell me
Try to break up
But you can't lose what you can't see
Please believe it
I've been trying
I go back to where we started
Will you find me

Don't cry
You know
Sometimes we're just meant to be
Meant to be alone
Don't cry
You know
Sometimes we're just meant to be
Meant to be alone

What's another night
What's another day
What's a normal life
If you're far away
Far away from me

Take it to the line
Take it all the way
What's a normal life
If you're far away
Far away from me

I don't know where I'm gonna wake up
I wonder if I'm gonna wake up
With you
I don't know where I'm gonna wake up
I wonder if I'm gonna
I wonder if I'm gonna

I wonder where I'm gonna

Hit the sidewalk
Find a taxi
I remember
How it felt there
In the backseat
Try to face it
Try to tell me
Try to break up
But you can't lose
What you can't see

Don't cry
You know
Sometimes we're just meant to be
Meant to be alone
Don't cry
You know
Sometimes we're just meant to be
Meant to be alone

What's another night
What's another day
What's a normal life
If you're far away
Far away from me

Take it to the line
Take it all the way
What's a normal life
If you're far away
Far away from me

What's another night
What's another day
What's a normal life
If you're far away
Far away from me

Take it to the line
Take it all the way
What's a normal life
If you're far away
Far away from me

I don't know where I'm gonna wake up
I wonder if I'm gonna wake up
With you
I don't know where I'm gonna wake up
I wonder if I'm gonna
I wonder if I'm gonna

I wonder where I'm gonna wake up
Don't cry
I wonder where I'm gonna wake up
With you
Sometimes we're just meant to be
Meant to be
I wonder where I'm gonna wake up
Don't cry
I wonder where I'm gonna wake up
Sometimes we're just meant to be

Meant to be alone
