

Airplane Mode

Clara Benin

Breathe in the towering tension
It's the same dream but different dimension
Suspended in the clouds
Can't distinguish up from down
Am I a hero in this cinematic scene?
Am I just another cog in the machine?
Am I meant to fly?
Think I'm meant to fly high

Right now, right here
Feels like I'm nowhere near
Here and now
All I want is to land on solid ground

Here, here
Now, now
Here, here
Now, now
