Closure

Clara Benin

The thought of you is clouding up my head
I don't know when this ever end
When will you realize, how much pain you've cause inside?

Are you really dense as they say you are?
When you are driving in your car
Does it ever cross your mind? How I'm doing, am I fine?

I'm just looking for answers
I just need some closure
This is driving me insane
And I don't know if you'll ever feel the same

I still remember all the things we did
And all the stupid things I said
I was so naive, nostalgia's taking over me

Every time I show up you're not there
You make me think that you don't care
Always out of sight, but always on my mind

I'm just looking for answers
I just need some closure
This is driving me insane

And I don't know if you'll ever feel the same
I'm still willing to wait, so please don't fade away
I'm still willing to wait, so please don't fade away
Don't fade away, don't fade away, don't fade away
Just yet…
Every time I show up you're not there
You make me think that you don't care
Always out of sight, but always on my mind
I'm just looking for answers
I just need some closure
This is driving me insane
I'm just looking for answers
I just need some closure
This is driving me insane
And I don't know if you'll ever feel the same
So please don't fade away
Until I know you feel the same way
