

Is it just me?
Tell me, is it just me?
Or it's just something about the way you smile

That makes me wonder what I feel
Is it just me?
Tell me, is it just me?
The way your eyes move around the room and back at me

Why do you do this?
Do you even have a clue?

I don't wanna fall for you just like that
It's not that easy
There's so much more than just that
But you're making this feel easy or is it just me?

You got this hold on me
And I can't get out
The only way I can escape is if I tell you now
What you mean to me
What you really mean to me

You're making me confused so I'll wait for you to make the move
Because I don't wanna forfeit

Do you even have a clue?

Cuz I don't wanna fall for you just like that
It's not that easy, no
There's so much more than just that
But you're making this feel easy or is it just me?

Should I just play along?
Should I stay and laugh at all your jokes?
I should've just walked away
Is it just me? Tell me, is it just me?
Or is there something bout' the way you smile?

I don't wanna fall for you just like that
It's not that easy, no
There's so much more than just that
But you're making this feel easy or is it just me?

I don't wanna fall for you just like that
It's not that easy, no
There's so much more than just that
But you're making this feel easy or is it just me?

Is it just me?
Is it just me?
