

Wrestle

Clara Benin

I had a dream we were in Newtown
Took the first early morning train out
Caught in collision, disillusioned by time
It was a portal to a new life

Unlocking levels and decoding our fate
We call the shots on how to number our days
I'm counting off every day as day one
Brushing off every loss as if I've won

Ooh ooh ooooooh
I am where I'm supposed to be
Ooh ooh ooooooh
I am who I'm supposed to be

Darling, I feel different
I cut my hair and changed my rhythm
Rid me of this predictable body
Teasing my eyes to settle for what I see

I will wrestle angels for heaven's sake
And I won't settle until I know my name

Ooh ooh ooooooh
(I wouldn't change a single thing)
I am where I'm supposed to be
Ooh ooh ooooooh
(I wouldn't change a single thing)
I am who I'm supposed to be
Ooh ooh ooooooh
(I wouldn't change a single thing)
I am where I'm supposed to be
Ooh ooh ooooooh
(I wouldn't change a single thing)
I am who I'm supposed to be

Ooh ooh ooooooh
I am where I'm supposed to be
Ooh ooh ooooooh
I am who I'm supposed to be
Ooh ooh ooooooh
I am where I'm supposed to be
Ooh ooh ooooooh
I am who I'm supposed to be
I am who I'm supposed to be

I woke up I was in Redfern
Don't know exactly how I got here
All along, time was on our side
Drawing us to a portal to a new life
