Clara

Yeah, I'm a bad bitch  
Pullin' up and everybody knows  
That I'm savage  
I might bite if you come too close  
They wanna keep me outta here  
'Cause I'm a cannon on the loose  
Somebody hold my beer  
Shit's about to go down

And I feel like  
Everyone's judging  
I only had a few drinks

And they feel like  
I'm a bit too much  
I should be locked up  
They all want one thing

They want me to slow down  
(They say I look crass and I don't look like a lady)  
They say that I am too loud  
(You can leave if you don't like the way I'm behavin')  
Don't fight it, it's a no go  
(They can't tell if this is real or pretendin')  
Welcome to my freakshow  
(Like I'm batshit crazy, it's a new trend)

Bet they wish they were more like me  
Bet they wish they had fun like me

No I ain't [?]  
I like to party on my own  
Ain't no ring on it  
So I'm letting loose  
Yeah, I'm on a roll  
They think I'm lost but I'm in control  
No matter if you're boy or girl  
If I like you, I like you  
Now everybody in here knows

But I feel like  
Everyone's judging  
I only had a few drinks

And they feel like  
I'm a bit too much  
I should be locked up  
They all want one thing

They want me to slow down  
(They say I look crass and I don't look like a lady)  
They say that I am too loud  
(You can leave if you don't like the way I'm behaving)  
Don't fight it, it's a no go  
(They can't tell if this is real or pretendin')  
Welcome to my freakshow  
(Like I'm batshit crazy, it's a new trend)

Bet they wish they were more like me  
Bet they wish they had fun like me  
Bet they wish they were freaks like me  
Bet they wish they were wild and free  
But they ain't like me

Bet they wish they were more like me  
Bet they wish they had fun like me  
Bet they wish they were freaks like me  
Bet they wish they were wild and free  
But they ain't like me

(Bet they wish they were)  
Bet they wish they were more like me  
(Bet they wish they were)  
Bet they wish they had fun like me  
(Bet they wish they were)  
Bet they wish they were freaks like me  
Bet they wish they were wild and free  
But they ain't like me
