

# Suffocating

Clara

You got me feeling like I'm some kind of fool  
It's always difficult when I am with you  
Am I too different? I think that you're chasing the basic  
True that I'm probably the wrong girl for you  
My friends keep telling me I shouldn't be blue  
So are we going 'round in circles? We break up to make up

This shit got me feeling like, feeling like I (aah)  
Should quit but I'm fighting it, fighting it hard

'Cause all the things you can't say  
Is what makes me strong, na-na-na  
And all the things I can't be  
When I'm with you, boy, ooh-na-na-na  
Suffocating me, I can't breathe  
Why can't I be me? Ooh-na-na-na  
I'm so many things you can't see  
That's why you're alone, na-na-na

Cry me a river, I am done with your lies  
Tell me I ain't good enough, why oh why  
Did I fall for all the words that you taught me to own me  
I, I was blind but now I'm silent to see  
All the suffering was you and not me  
I'm about to get what's mine, I deserve it, I'm worth it

This shit got me feeling like, feeling like I (aah)  
Should quit but I'm fighting it, fighting it hard

'Cause all the things you can't say  
Is what makes me strong, ooh-na-na-na  
And all the things I can't be  
When I'm with you, boy, na-na-na  
Suffocating me, I can't breathe  
Why can't I be me? Ooh-na-na-na  
I'm so many things you can't see  
That's why you're alone, na-na-na

All because you wanted me to be somebody else  
Be somebody else, be somebody else  
All because you wanted me to be somebody else  
Be somebody else, be somebody else  
I ain't changing shit for you or anybody else  
Anybody else, anybody else  
I ain't changing shit for you or anybody else  
Anybody else, anybody else

This shit got me feeling like, feeling like I  
Should quit but I'm fighting it, fighting it hard

'Cause all the things you can't say  
Is what makes me strong, na-na-na  
And all the things I can't be  
When I'm with you, boy, ooh-na-na-na  
Suffocating me, I can't breathe  
Why can't I be me? Ooh-na-na-na  
I'm so many things you can't see

That's why you're alone, na-na-na
