

# Temporary Love

Clara

Tell me what you wanna do (what you wanna do)  
'Cause baby, baby I  
Been tryna get a clue (been tryna get a clue)  
So tell me, tell me  
Do I do it for you?  
Gotta keep you focused  
What can I do?  
And wherever you go you know that

I'll be right there  
Say my name I'm right there  
I'm always right there  
I'll keep saying what you want me to

Love me forever  
And not only till the sun comes up  
'Cause baby love forever  
It's not a temporary love  
And yeah, I know that  
Heartbreak is a, is a little scary  
But serves up honey  
We can dive into forever  
Don't want a temporary love

I swear when you touch me I come alive (come alive)  
Never thought you'd be my ride or die  
Do I do it for you?  
Gotta keep you focused  
What can I do?  
And wherever you go you know that

I'll be right there  
Say my name I'm right there  
I'm always right there  
I'll keep saying what you want me to

Love me forever  
And not only till the sun comes up  
'Cause baby love forever  
It's not a temporary love  
And yeah, I know that  
Heartbreak is a, is a little scary  
But serves up honey  
We can dive into forever  
Don't want a temporary love

And yeah, you met me at the worst time (at the worst time)  
And now look at us  
Now you got me feeling so fly (so fly, so fly)  
Baby, let me level with you  
It's like before you I was color blind  
And now finally I see the world in colors  
Don't want a temporary love

Love me forever  
And not only till the sun comes up  
'Cause baby love forever

It's not a temporary love  
And yeah, I know that  
Heartbreak is a, is a little scary  
But serves up honey  
We can dive into forever  
Don't want a temporary love
