

God Forbidden

Clare Bowen

You're no good for me
A perfect apple on a tree
I can't help, I wanna taste it
I just have to know
Can I kiss your wayward soul?
I can't help but wanna save it

Help me, hold me
We can make this holy

I can set your soul right
Honey, if ya hold it over me
Howlin' at the moonlight
Take me where we're not supposed to be
Hold me like the hands of time and
Drink me like wine 'cause now we're in it
I can't get you off my mind
Why ya gotta be so God forbidden?
God forbidden
God forbidden
God forbidden
God forbidden

Lay your hands to heal
On my skin until you feel
How my sacred heart is racing
I don't care where you've been
Take me for all my sins
I'm broken and I don't need fixing
Don't need fixing

I can set your soul right
Honey, if ya hold it over me
Howlin' at the moonlight
Take me where we're not supposed to be
Hold me like the hands of time and
Drink me like wine cause now we're in it
I can't get you off my mind
Why ya gotta be so God forbidden?
God forbidden
God forbidden
God forbidden
God forbidden

I can set your soul right
Honey, if ya hold it over me
Howlin' at the moonlight
Take me where we're not supposed to be
Hold me like the hands of time and
Drink me like wine cause now we're in it
I can't get you off my mind
Why ya gotta be so God forbidden?
God forbidden
God forbidden
God forbidden
God forbidden
