

# I Will Fall

Clare Bowen

I'm afraid to go up to the second floor  
If you wanted to work it out why'd you lock the door?  
I thought I was good at loving you  
But our light went out when you wanted it to  
I wish you the best, I'm headed west  
It's all I know to do

I will fall, I will fall if you come around  
Just when I think my heartbreak settled down  
I will fall, I will fall if you come around

We said goodbye it was forever  
And I spent the last year piecing my life together  
Just when I think I've let you go  
Your song's playing on the radio  
And just like that it rushes back,  
Every part of you

I will fall, I will fall if you come around  
Just when I think my heartbreak settled down  
I will fall, I will fall if you come around

Ooh, ooh, ooh [x3]

I will fall, I will fall if you come around  
Just when I think my heartbreak settled down

I will fall, I will fall if you come around  
Just when I think my heartbreak has settled down  
I will fall, I will fall if you come around
