

# To The Bone

Clare Bowen

Full moon on the river  
Suspended outta time  
Came into a vision  
Moving at the speed of light

Maybe we been here forever  
Or maybe I should know better  
Floated through all of my wreckage  
Like a bottle with a message

Wouldn't it be nice if  
We could just erase  
The world and silently  
Give in and fade into each other  
Surrounded by wolves and smoke rings

Captivated by you  
You extraordinary creature  
Wanna feel the way your body moves  
Say it all at once, I'll listen  
Know I'm gonna love you  
Know I'm gonna love you  
Know I'm gonna love you to the bone

Conversations  
We got ugly angels  
Yeah, they all been buried  
Early ancient  
Two blind fools here  
Singing hallelujah  
When I thought I knew I'd never say

Wouldn't it be nice if  
We could just erase  
The world and silently  
Give in and fade into each other  
Surrounded by wolves and smoke rings

Captivated by you  
You extraordinary creature  
Wanna feel the way your body moves  
Say it all at once, I'll listen  
Know I'm gonna love you  
Know I'm gonna love you  
Know I'm gonna love you to the bone

Captivated by you  
You extraordinary creature  
Wanna feel the way your body moves  
Say it all at once

Captivated by you  
You extraordinary creature  
Wanna feel the way your body moves  
Say it all at once, I'll listen  
Know I'm gonna love you  
Know I'm gonna love you

Know I'm gonna love you  
Know I'm gonna love you to the bone
