

# Fool Moon

Clare Dunn

Me and you  
Just two fools  
Who can't seem to  
Say goodbye

And here again  
Tangled in  
The glow of a we know better  
Kind of shine

Looks like it's gonna be a fool moon tonight  
We keep on spinning around this feeling we can't fight  
It sure looks good  
Feels right  
In this kinda light  
But it's just another  
Fool moon night

It has a way  
Of making everything  
Look brighter  
Everytime

It pulls us back  
Together  
But I know we won't stay forever  
Just like the tide

It's just another fool moon tonight  
We keep on spinning around this feeling we can't fight  
It sure looks good  
Feels right  
In this kinda light  
But it's just another  
Fool moon night

It's just a fool moon tonight  
We keep on spinning around this feeling we can't fight  
And it sure looks good  
And feels right  
In this kinda light  
But it's just another  
Fool moon night  
Oh another  
Fool moon night
