

# Money's All Gone

Clare Dunn

Another sun down, another day done  
99 problems but tonight ain't one  
2 minutes and I'm ready  
Hopping in that Chevy, uh-huh  
Yeah, alright, alright

Pedal to the floor, wind in my hair  
That rusty '84 taking me there  
Flying like a rocket  
50 in my pocket, uh-huh  
Ay, yeah

Baby, we ain't got all night so now what you say?  
Let's start a little something  
Something outta nothing  
I'll get you what you want  
And so come on now let's get on it  
Go all the way  
We ain't hanging 'round forever anyway  
Gonna spend it like it's borrowed  
Till tonight's tomorrow  
Till the very last song  
Till the money's all gone

Hey, gone, gone, gone  
Gone, gone, gone

Everybody's goin' underneath the lights  
American band playing, man it's quite a sight  
Let's get a little fresher  
Movin' all together, uh-huh  
Yeah move, yeah move, babe

Buzzing like a speaker, rocking like a stone  
Pour it out loud, turn it up strong  
And I can't be for certain  
But my head gon' be hurtin', uh-huh  
Hurtin', babe

Baby, we ain't got all night so now what you say?  
Let's start a little something  
Something outta nothing  
I'll get you what you want  
And so come on now let's get on it  
Go all the way  
We ain't hanging 'round forever anyway  
Gonna spend it like it's borrowed  
Till tonight's tomorrow  
Till the very last song  
Till the money's all gone

Gone, gone, gone  
Gone, gone, gone  
Gone, gone, gone  
Till the very last song  
Till the money's all gone

Baby, we ain't got all night so now what you say?  
Let's start a little something  
Something outta nothing  
I'll get you what you want  
And so come on now let's get on it  
Go all the way  
We ain't hanging 'round forever anyway  
Gonna spend it like it's borrowed  
Till tonight's tomorrow  
Till the very last song  
Till the money's all gone

Gone, gone, gone  
Gone, gone, gone  
Gone, gone, gone  
I'll get you what you want  
And so come on now let's get on it

Gone, gone, gone  
Gone, gone, gone  
Gone, gone, gone  
Till the very last song  
Till the money's all gone
