

No Wrong Way

Clare Dunn

Too tall, too short
Too big, too small
Too weak, too strong
To worry for too long

About what they think or what they say
Why do you care anyway
If you're true to yourself, when you stand in the light
Then baby you're doing it right

Cause there ain't no wrong
No wrong way to be a woman
To be a woman
No there ain't no wrong way
No wrong way to be a woman

If you're too loud then you're too outspoken
Take it to heart then something's broken
Shine too bright then you're shading someone
When all you're trying to do is get it all done
Too soft, too tough
Too wild, too much

But there ain't no wrong way
No wrong way to be a woman
To be a woman
No there ain't no wrong way
No wrong way to be a woman

You know there's no right time
You just got to make it
No right moment just gotta take it
Take a chance and believe
Who you are's who you need to be

You know there ain't no wrong way
No wrong way to be a woman
To be a woman
No there ain't no wrong way
No wrong way to be a woman

Oh there ain't no wrong way
No wrong way to be a woman
There ain't no wrong way
