

Ready For A Fight

Clare Dunn

One time one night back east
This ole boy got a hold of me
And I thank god he didn't kill me
I never thought something
Like that could happen
To me or anyone but it can

And ever since then
I ain't looking
But I'm ready for a fight
No, I ain't looking
But I'm ready for a fight

Woah, 'cause there's just some things
That just don't fly
And sometimes you look the devil in the eye
It ain't easy to stand for whats right
But send a prayer up on high
Lord, I ain't looking
But I'm ready for a fight

And I know our constitution
Is just an old worn out nuisance
For you and all a your bunch
And all you wanna do
But keep on crossing the line
You'll fuck around and you'll find
Out just what we can do

And we ain't looking
But we're ready for a fight

Woah, 'cause there's just some things
That just don't fly
And sometimes you look the devil in the eye
It ain't easy to stand for whats right
But send a prayer up on high
Lord, I ain't looking
But I'm ready for a fight
Lord, I ain't looking
But I'm ready for a fight
