

# Safe Haven

Clare Dunn

When the world seems like  
It's falling apart  
And every day feels  
A little more dark  
And there's fear as far  
As you can see

And I need a refuge  
Somewhere to run to  
As long as I'm with you  
Home is where I'll be

Cause you're my safe haven  
No safer place I can imagine  
From all the pain, all the trouble, all the noise, all the trauma  
You welcome me like a refugee  
Anytime I need  
Shelter from the storm  
A place where I can run  
You're my safe haven  
Yeah, my safe haven

Just like his eye is on the sparrow  
I know he watches me wherever I go  
And when my heart is heavy with a weight  
Of this unforgiven place  
I look to the sky and I know I'll be alright

Cause you're my safe haven  
No safer place I can imagine  
From all the pain, all the trouble, all the noise, all the trauma  
You welcome me like a refugee  
Anytime I need  
Shelter from the storm  
A place where I can run  
You're my safe haven  
Yeah, my safe haven

Comfort and mercy  
I'm so thankful for how you love me

Cause you're my safe haven  
No safer place I can imagine  
From all the pain, all the trouble, all the noise, all the trauma  
You welcome me like a refugee  
Anytime I need  
Shelter from the storm  
A place where I can run  
You're my safe haven  
Yeah, my safe haven
