

Spaceman

Clare Maguire

You wanted to be a spaceman
Now you carry books full of sand in your house
Kissing cigarettes in the back of your van

Have you heard the news?
There's many more like you
Oh, Mr. Blue what can we do?

It's all make believe
I guess it's always been
Some crazy dream

Oh, make believe
I guess it's always been
Some crazy dream

Used to watch the sky, yeah
Got the TV turned up high every night
When they call you up, you turn a blind eye

That's how it goes
When no one wants to know the truth
What can we do?

It's all make believe
I guess it's always been
Some crazy dream

Oh, make believe
I guess it's always been
Some crazy dream

If you feel like a spaceman
If you dream like a spaceman
If you dance like a spaceman
Then you could go to spaceman, man

Ah, ah, ah
Ah, ah, ah

Cause it's all make believe
I guess it's always been
Some crazy dream

Oh, make believe
I guess it's always been
Some crazy dream

I guess it's always been
You know, it's always been
I know it's always been

We know it's always been
I guess it's always been
A crazy dream
