

Weekend Love

Clarence Carter

I don't need
I don't need no weekend love
No I don't
If I can't get it seven days a week
I just don't want your love at all
Now look a here girl

From Monday till Thursday
You can't be found
From Friday till Sunday
You're always hanging around
But what if my love comes down on Monday night
I've got to wait till the weekend
Till you come back in sight

But I don't need
I don't need no weekend love
No I don't
If I can't get it seven days a week
I just don't want your love at all
I got another verse to sing

I know four nights of the week
You're spending with another man
Cause sometime on the weekend
You're always raising sand
But let me tell you something
I done got tired of that
Cause you know for yourself girl

That ain't where it's at

And I don't need
I don't need no weekend love
No I don't
If I can't get it seven days a week
I just don't want your love at all
I got another verse to sing

You're always smiling, Keep on smiling
And showing all the men your teeth
But I got the bill of sales
And you know that's true
Those teeth you're wearing belong to me

And oh I don't need
I don't need no weekend love
If I can't get it seven days a week
I just don't want your love at all

I don't need
No no
No weekend love
No no no
I want an all time love
Everyday
I want it Monday Tuesday Wednesday

Thursday Friday Saturday Sunday
Everyday
I want your love
That the way it's got to be
