

# Keep You

Class Actress

Can't I get a break here?  
Just give me what I want  
How long we gonna take here, here  
To tell you what I want?

Do you want to call it? (Do I want it, I want it)  
Do you want it all?  
Do you want to call it? (Do I want it, I want it)  
Do you want it all?

I wanna keep you in my arms  
I wanna keep you, ooh I want it  
I wanna keep you in my arms  
I wanna keep you, ooh I want it  
I wanna keep you in my arms  
I wanna keep you, ooh I want it  
I wanna keep you in my arms  
I wanna keep you, ooh I want it, I want it

Life's short  
Please believe me  
You think it's hard now  
But it could be so easy

If you got something to say it now  
Say it now or forever keep it down  
Cause I won't fight you forever  
So I won't fight you now

I wanna keep you in my arms  
I wanna keep you, ooh I want it  
I wanna keep you in my arms  
I wanna keep you, ooh I want it  
I wanna keep you in my arms  
I wanna keep you, ooh I want it  
I wanna keep you in my arms  
I wanna keep you, ooh I want it, I want it

If there's anything else you can think of  
Say it now or forever keep it down  
If there's anything else you can think of  
Say it now or forever keep it down
