

Prove Me Wrong

Class Actress

I want love, love
Thought you'd stick around this time
To come clean, confess
That you were always mine, all mine

Loving the games we're playing
I'm loving but your move is lame

So you gotta prove me wrong
Now you gotta, oh, you gotta tell it like it is
Prove me wrong
Now you gotta, oh, you gotta tell it like it is
Prove me wrong
Now you gotta, oh, you gotta tell it like it is
Prove me wrong
Now you gotta, oh, you gotta tell it like it is
Prove me wrong

Tell you now but it's not so easy
Feels like all I, all I do's in vain
Every little thing I think, I think it all right, all right
Every little thing you say, I say it's all right

So you gotta prove me wrong
Now you gotta, oh, you gotta tell it like it is
Prove me wrong
Now you gotta, oh, you gotta tell it like it is
Prove me wrong
Now you gotta, oh, you gotta tell it like it is
Prove me wrong
Now you gotta, oh, you gotta tell it like it is
Prove me wrong

You think it's fair?
When you sit across me
You look away
But I know you see me
You talk about how [?]
[?] little darling
[?] a little crazy
Thinking you and me

So you gotta prove me wrong
Now you gotta, oh, you gotta tell it like it is
Prove me wrong
Now you gotta, oh, you gotta tell it like it is
Prove me wrong
Now you gotta, oh, you gotta tell it like it is
Prove me wrong
Now you gotta, oh, you gotta tell it like it is
Prove me wrong
