

# Weekend

## Class Actress

I pace the room every time you leave  
Fall apart because you're all I need  
You make me late for work  
You make me late for church  
So hard to leave

So bring it on  
Bring on the weekend  
Bring it on  
Bring on the weekend  
So bring it on  
Bring on the weekend  
Bring it on  
Bring on the weekend

Why you gotta make it so hard on me?  
Why you gotta make it so hard on me?  
Why you gotta make it so hard on me?  
Why you gotta make it so hard on me?

I pace the room every time you leave  
What am I ever gonna do  
To make it easy on me  
We'll see the sun, you're the only one  
Who can make it so hard on me

So hard, hard, hard on me  
So hard, hard, hard

So bring it on  
Bring on the weekend  
Bring it on  
Bring on the weekend  
So bring it on  
Bring on the weekend  
Bring it on  
Bring on the weekend

Why you gotta make it so hard on me?  
Why you gotta make it so hard on me?  
Why you gotta make it so hard?  
Why you wanna make it so hard on me?  
Why you gotta make it so hard on me?  
Why you gotta make it so hard to leave?

So bring it on  
Bring on the weekend  
Bring it on  
Bring on the weekend  
So bring it on  
Bring on the weekend  
Bring it on  
Bring on the weekend

So bring it on  
Bring on the weekend  
Bring it on

Bring on the weekend  
So bring it on  
Bring on the weekend  
Bring it on  
Bring on the weekend

All I can think about is what you gonna do to me  
All I can think about is what you gonna do to me  
All I can think about is what you gonna do to me  
All I can think about is what you gonna do to me
