

# One Man Show

Classics IV

I'm not a one-man show  
I'd never make it alone  
An' from the way you' been treatin' me, baby  
I'm feelin' soon I'll be on my own

'Cause you're not holdin' me  
The way you held me before  
An' that look in your eyes isn't tellin' no lies  
Soon you won't be holdin' me any more

I've thought it over, over and over  
An' decided there's no hope for me in sight  
An' it's for certain my final curtain  
Will close on me when you say goodbye, yeah

I am not a one-man show  
I'd never make it alone  
And if you leave me this way, I won't last a day  
I just don't know how to live on my own

Love is a melody but, girl, I'm not a one-man band  
An' the song's not for me  
If it sounds out of key  
Baby, we can make sweet music again

I'm not a one-man show  
I'm not a one-man show

I'm not a one-man show  
I'm not a one-man show  
I'm not a one-man show...
