

Rainy Day

Classics IV

Clouds are gray but that don't matter
Hear those raindrops pitter patter
Come into my arms
Let me show what a rainy day is for

There's no way that we can stop it
So let's take advantage of it
Make yourself at home
And I'll show you
What a rainy day is for

Rainy days are like no others
Let me tell you why
Rainy days were meant for lovers
Just like you and I
Promise me we'll be together
Every time it's stormy weather
I'll keep you safe and warm
While you're learning what a rainy day is for

Rainy days are like no others
Let me tell you why
Rainy days were meant for lovers
Just like you and I
Instrumental Interlude
Make yourself at home
And I'll show you
What a rainy day is for
Rainy day
