Sweet Surrender

Classics IV

Baby I'm through runnin' it's true
I'd be a fool to try to escape you
Maybe I'm beat
Oh what a sweet surrender

You keep your rights, I'll take your nights
No one can lose when we turn the lights out
Tastin' defeat
Lovin' that sweet surrender

I'm givin' up myself to you
But I didn't really lose at all
I gave the only love I've known
And it never hurt me to fall

Now that it's done, so glad you won
I know our lives have only begun now
No more retreat
Only my sweet surrender

I may be beat, but oh what a sweet surrender, surrender
And you sweet thing in my life
I surrender to you
