I wrote a whole verse about rap shit  
Then scrapped it  
Like what the fuck, ain't nobody wanna hear me rap about  
How I spit metaphors and get busy any more  
Got a whole lot of time these days  
Me and my naive ways  
Keep the change, when you coming with the cheap talk  
We don't hear nothing when the beat drop (drop)

This the type of shit you never hear about (hear about)  
Question my position and my whereabouts (whereabouts)  
Say I ain't a success 'cause I got a 6s  
iPhone signal failing like my piss test  
Man oh man, we do it first rate (first rate)  
Back on the horse 'til the spurs break (spurs break)  
Eight days a week, 25 hours a day  
We one up 'em, double, triple 'em  
Bust 'em, 'cause I'm trying to tell 'em life happens (life happens)  
So pack your life jacket when you're kayaking through the white rapids  
Are we clear now? (Aye-aye captain)  
Every hoodie that I own smell like marijuana smoke  
Call it high fashion, this is live action, ain't no CGI  
Hip-hop ain't the same since Nate Dogg died  
My Momma keeps telling me my eyes look tired  
But I'm just trying to make it through the week though

I wrote a whole verse about rap shit (then what?)  
Then scrapped it (hahaha)  
Like what the fuck, ain't nobody wanna hear me rap about  
How I spit metaphors and keep it real anymore  
Got a whole lot of time these days (too much)  
Me and my naive ways  
Keep the change, when you coming with the cheap talk  
We don't hear nothing when the beat drop (drop)

Back to back, I black out on raps  
I go back to back, I black out on raps  
I go back to back, I black out on raps  
I go back to back, I black out on raps  
I go

I go back to back  
Hundred some shows, I go map to map  
Ripping wife beaters and performing with a fanny pack  
A battle rap, hell I be bending bars like I'm Affleck  
Dissecting bars, just like I'm Dr. Dre at the Aftermath  
Make rap great again  
Impeach the fake, take away streams  
Everybody pays for them  
Ain't nobody saving them  
I tried to offer help to a nigga  
He starting mumbling so I didn't know what to say to him  
All I do is catch dubs, all I'm tryna do is win  
Both mean the same, so I'm sitting in a synonym  
Spinning killers, getting in while overlap is skipping him  
Duck Dodge dripping in the range, with some spinning rims  
Tryna rap with me is something that you can handle

I been on the kill track, you will get dismantled  
I know where you at just like a social media handle  
I'm on like a light synonym like a candle

I'm going hard in the Mack give your heart an attack  
Scrap midgets on crack, still ain't harder than Snak (nope)  
This is real life shit, ain't a part of the act  
Every ad lib sound like I barfed on the track  
New kid, new me, really nothing new though  
Fuck the politics, I ain't Justin Trudeau  
If you heard it on the internet is must be true bro  
Obstacles arise and I punch right through those  
I'm too nice, they calling me a brick and an asshole  
Pubes in they teeth, 'cause my dick got an afro  
Smoke mad weed, I don't hit no tobacco  
Don't fit in no lanes so I stick to the back row  
Better watch out when I come through  
'Cause I might make a scene  
Never gonna back down, fall off, or lose sight of my dream (no)  
Gonna need intervention 'cause I write like a fiend  
Never gonna rest or get sleep, bitch I'm like a machine
