

Forever and a Day

Classix Nouveaux

I know I know I know I know
When I need you you will be
There in the spirit
Thou' to the world
You'll not return, it seems

(And even the fine words you say)
Increase in meaning
(Over again and again)
I'll keep repeating
(Forever and a day)
The words you say
For ever and a day
(For ever and a day)
For ever and a day
Oh oh
For ever and a day
(For ever and a day)
For ever and a day
Woh oh oh

I know I know I know I know
Even in my darkest hour
I only need remember you
To renew my strength, my power

(And even the fine words you say)
Increase in meaning
(Over again and again)
I'll keep repeating
(Forever and a day)
The words you say
For ever and a day
(For ever and a day)
For ever and a day
Oh oh
For ever and a day
(For ever and a day)
For ever and a day
Oh oh oh
