

# A Mountain with No Ending

Classixx

[Verse 1]

And I want for you to know  
When you are gone  
This house is a ghost  
Don't know if I'll wait  
This time for sure  
When the door is shut  
My thoughts are on fire

[Chorus]

Losing the air in my lungs  
My song is sung  
Losing the air in my lungs

[Verse 2]

Just give me two more years of our lives  
The seasons are changing all the time  
This face in the mirror I don't recognize  
I'll keep on running up a mountain that has no ending  
Fire

[Chorus]

Losing the air in my lungs  
My song is sung  
Losing the air in my lungs  
Losing the air in my lungs

[Outro]

I can recall you, I can recall you  
Burning I keep falling into what I was before  
You are the fire, I can recall you  
You are the fire, I can recall you  
Burning I keep falling into what I was before  
I can recall you, I can recall you  
Burning I keep falling into what I was before
