Circles

Classless Act

Took a train out of state just to turn around
I think just some things don't feel right
Trying to find myself a job for food and light
I can't seem to get up in the daylight
My mind, divine, divided
Jumping to the end before I even started
Trust me, that way ain't nearly right
I keep walking in a circle in the middle of the night

I'm counting minutes in the next week
Needing it be a different year for me
It doesn't, no it doesn't get much easier
(All in due time)
To break away from it
Living life stuck in 2-D
Drawing lines just to cross them off of me
All in due time I'll become material
All in due time

I can't find my friends at the theme park
The roller coasters seem to know just when to stop and start
But not me, that's a bell that keeps ringing out
I think I learned just how to forget now
I keep running in a circle after midnight
My dog knows that something don't smell right
And most really believe you need to shut your mouth
Well, shave your head and get naked
Yeah, to delouse

Uh so happens
Mmmm, it makes you happy
Then so what?
Make it happen if it makes you happy

I'm counting minutes in the next week
Needing it be a different year for me
It doesn't, no it doesn't get much easier
(All in due time)
To break away from it
Living life stuck in 2-D
Drawing lines just to cross them off of me
All in due time I'll become material
All in due time

What you do, it's circles right?
The way you turn, you hang a right right right
Until you're ending right
Right where you started from
What you do, it's circles right?
The way you turn, you hang a right right right
Until you're ending right
Right where you started from

I'm counting minutes in the next week
Needing it be a different year for me
It doesn't, no it doesn't get much easier
(All in due time)

To break away from it
Living life stuck in 2-D
Draw lines just to cross them off of me
All in due time I'll become material
All in due time

Uh so happens
Mmmm, it makes you happy
Well so what?
Make it happen if it makes you happy, yeah
Put down the map and
Make your way to happiness

Uh so happens
Ooh, it makes you happy
Well so what?
Make it happen if it makes you happy, yeah

Put down the map and
Make your way to happiness
I said put down the map
And make your way to happiness

So happens
Ooh, it makes you happy
Well so what?
Make it happen if it makes you happy, yeah
Put down the map
And make your way to happiness
