

## On My Phone

Classless Act

Ahh it's true  
What's been said about modern romance  
Love me and I'll love you back too  
I'd know you're lying if you don't hit send back fast  
I know where you are  
Near or far  
All the time  
I see nothing but red  
Every time you leave me on read

Oh, you'd like to know  
If I would like to see a picture on my phone  
Oh, you'd like to know  
If I would like to see a picture on my phone, oh

I haven't seen you in so long  
Spending the last year with each other  
I haven't seen you in so long  
Spending the last year with each other

Oh my  
My retina's scraped and tired  
My retina is scraped  
And I haven't seen you in so long

Oh, you'd like to know  
If I would like to see a picture on my phone  
Oh, you'd like to know  
If I would like to see a picture on my phone, oh

Oh  
So tired from all I've been shown  
So tired from all I've been shown

Oh, you'd like to know  
If I would like to see pictures on my phone  
Oh, you'd like to know  
If I would like to see pictures on my phone

Oh, oh, oh
